MARVIN THE FRIENDLY ROBOT

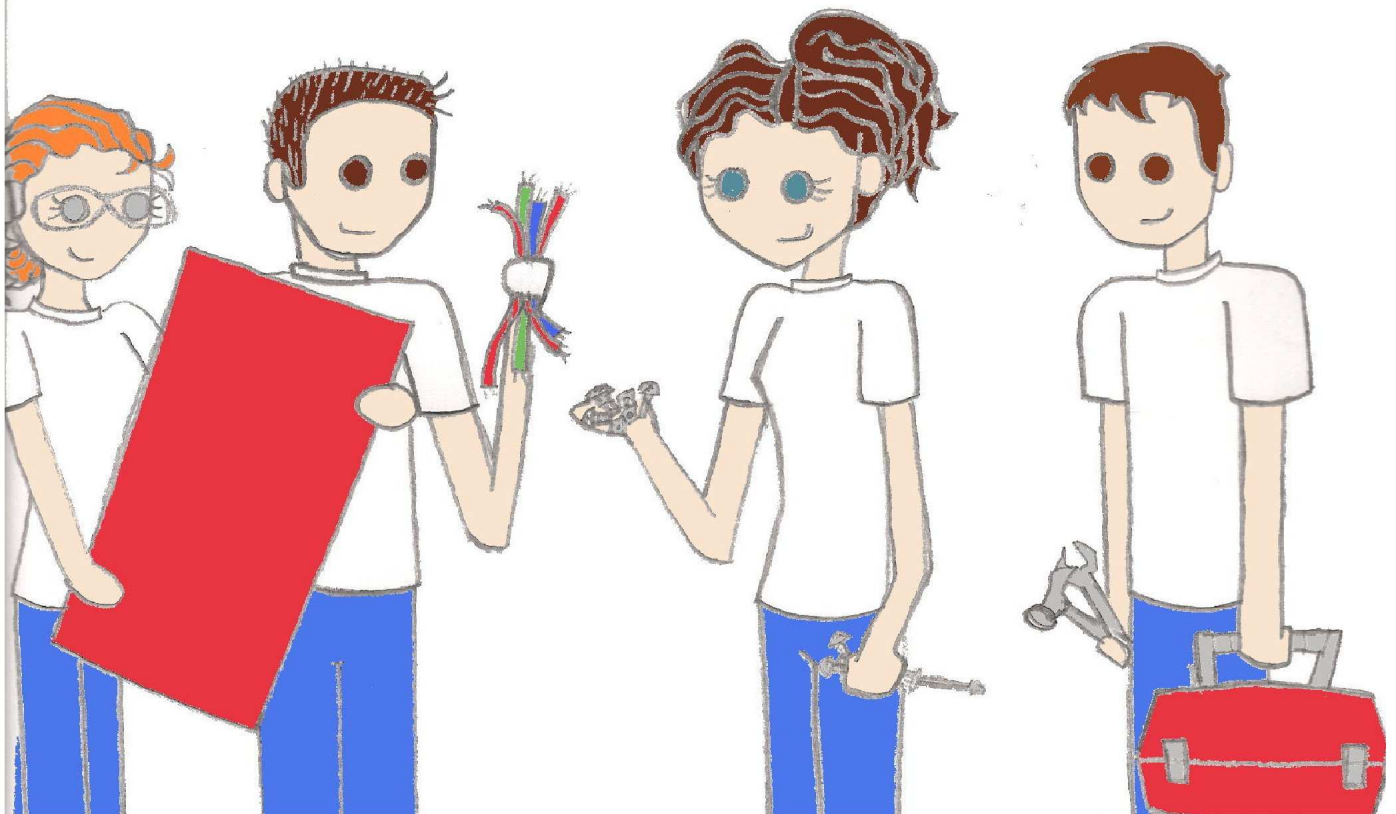

STORY BY TESSA WIEGAND

ILLUSTRATED BY ALEX FLANIGAN

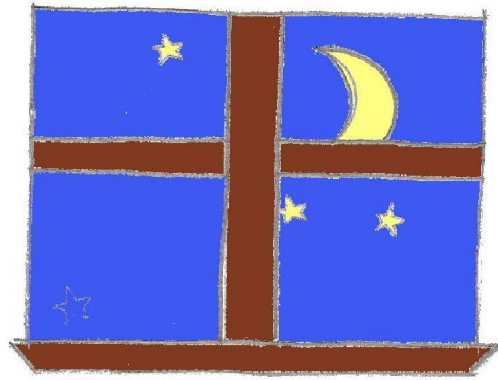

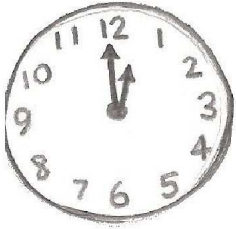

Once upon a time, a group of kids
decided to build themselves a
friend named Marvin.

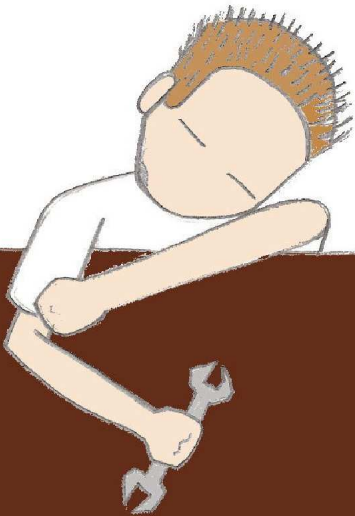

They used lots of nuts and bolts
to put their friend together.

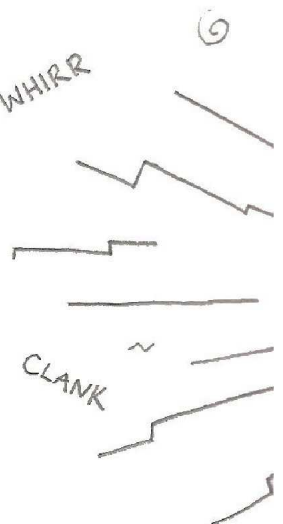

He took a loooooong time
to build.

But now they have a friend to
play with everyday.

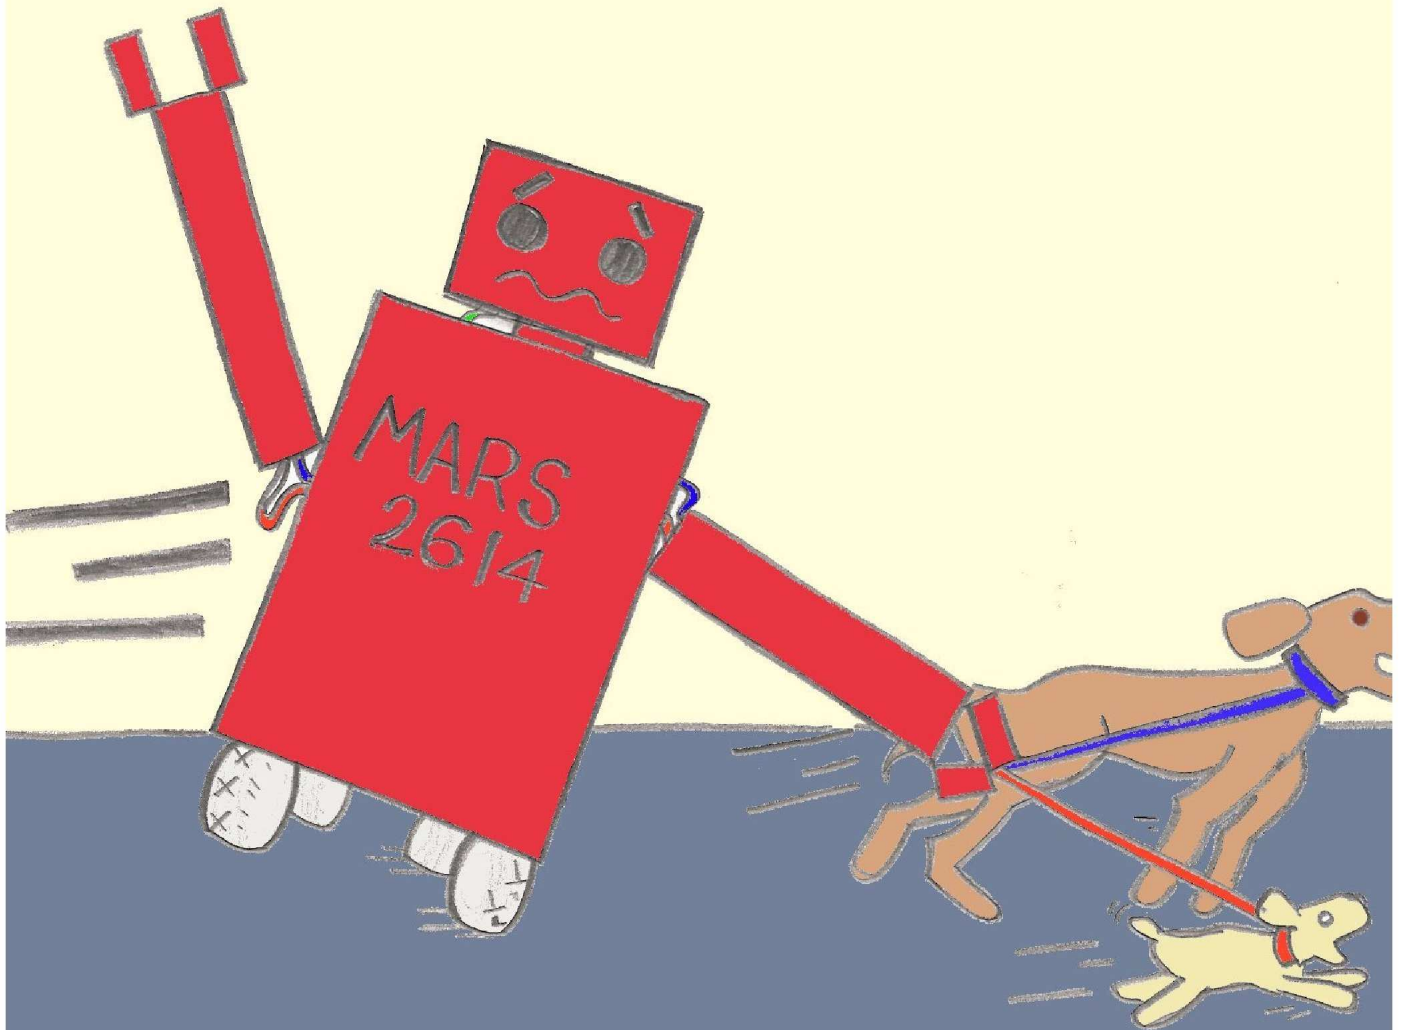

Marvin's a great friend.

He likes a lot of the same things
you do.

He likes to walk dogs.

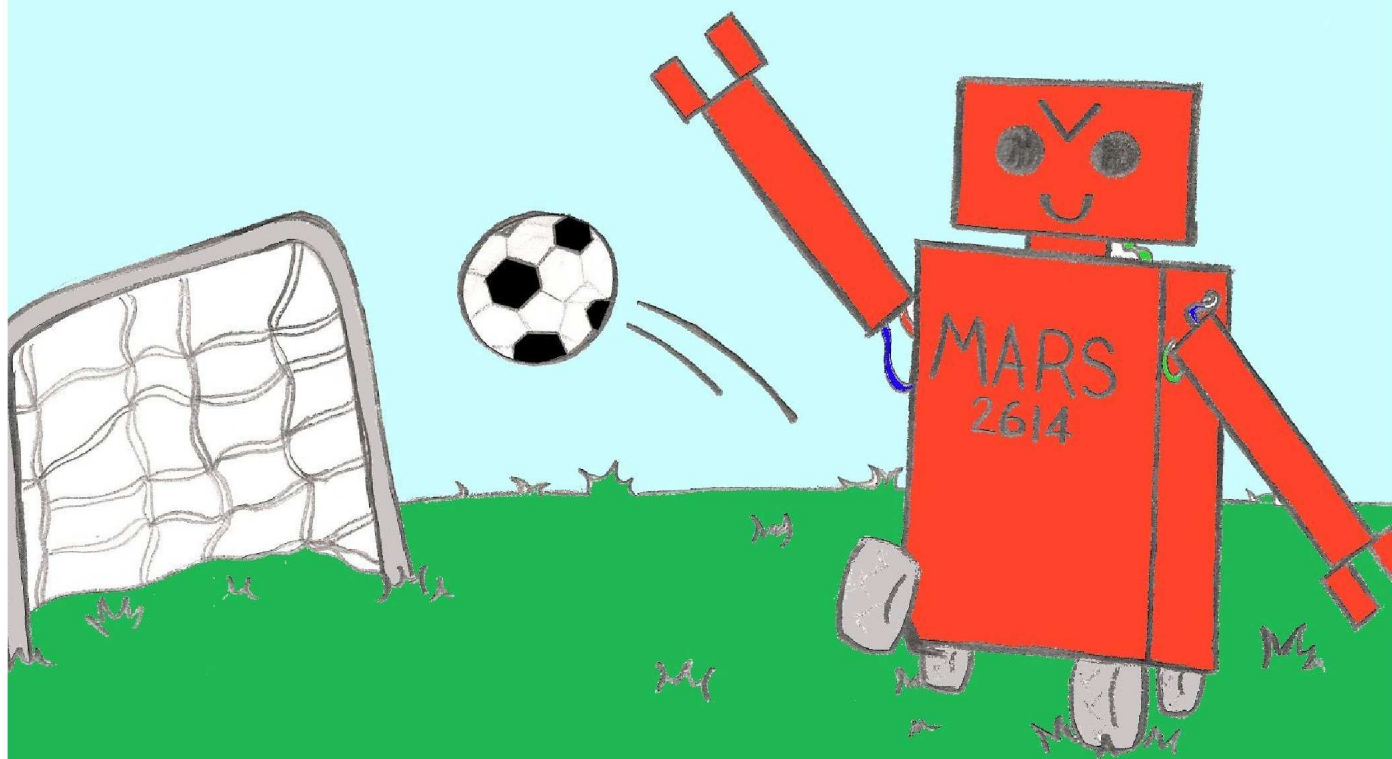

And going to fun parades.

He loves to play games.

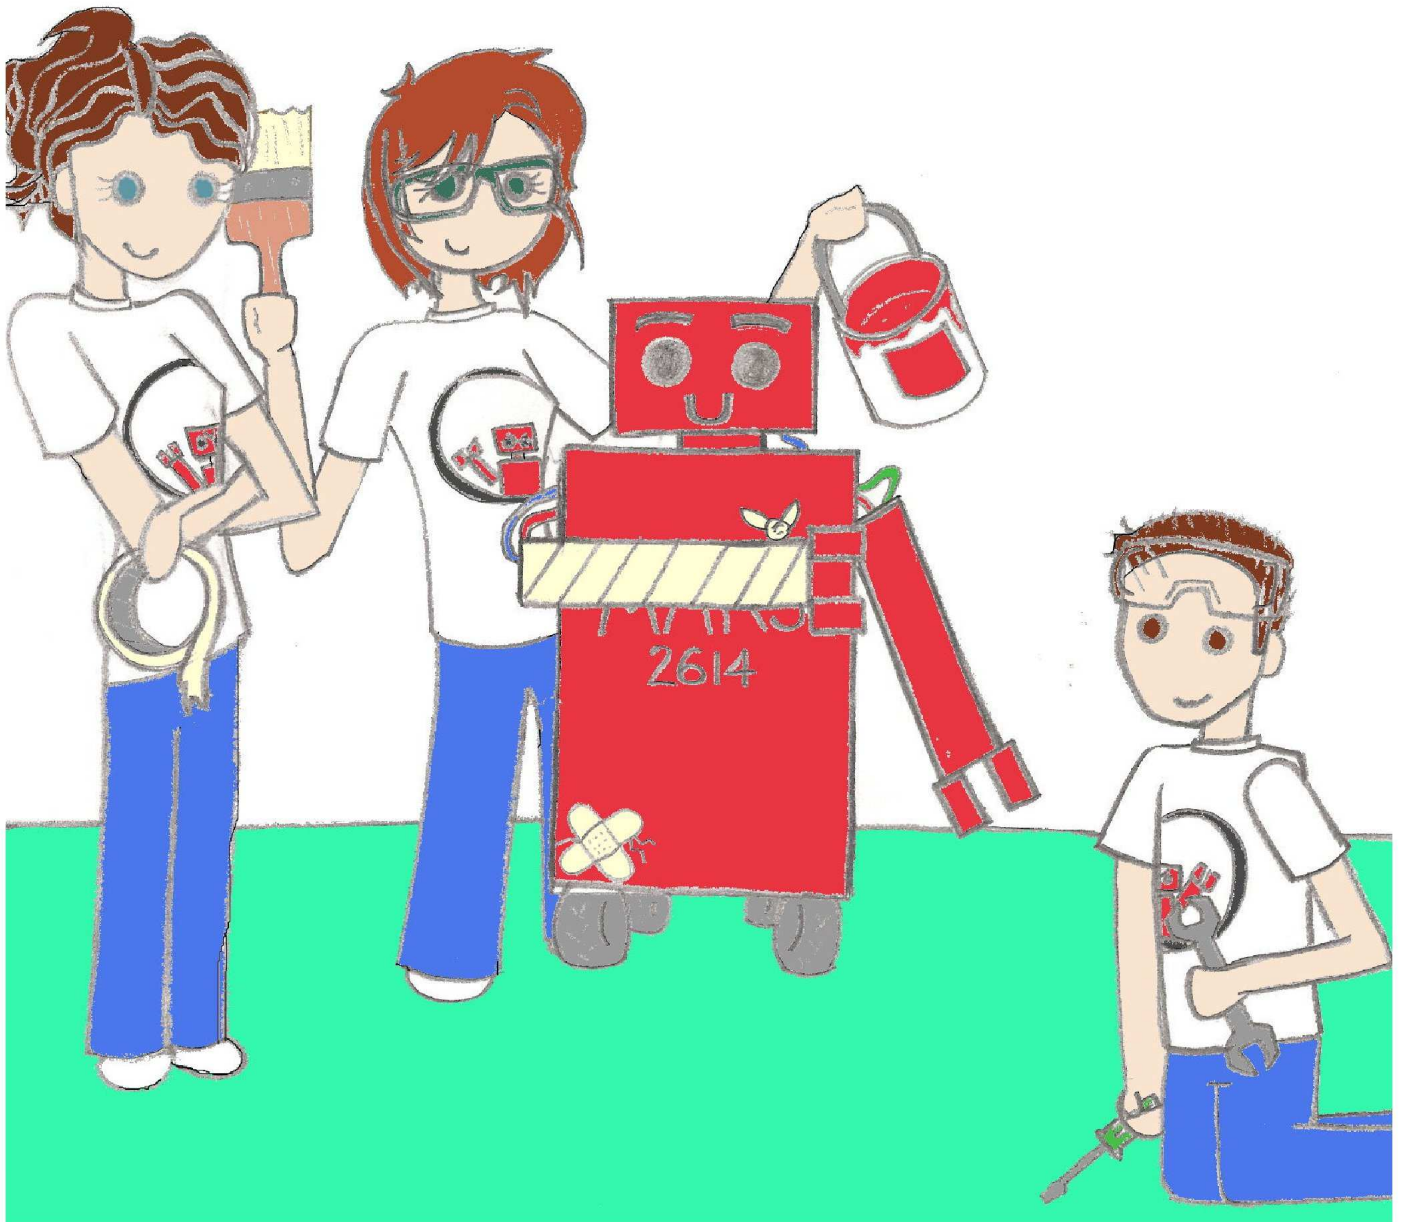

Soccer is his favorite.

And sometimes, just like you,
Marvin gets hurt.

But with the help of his friends,
he always gets better!

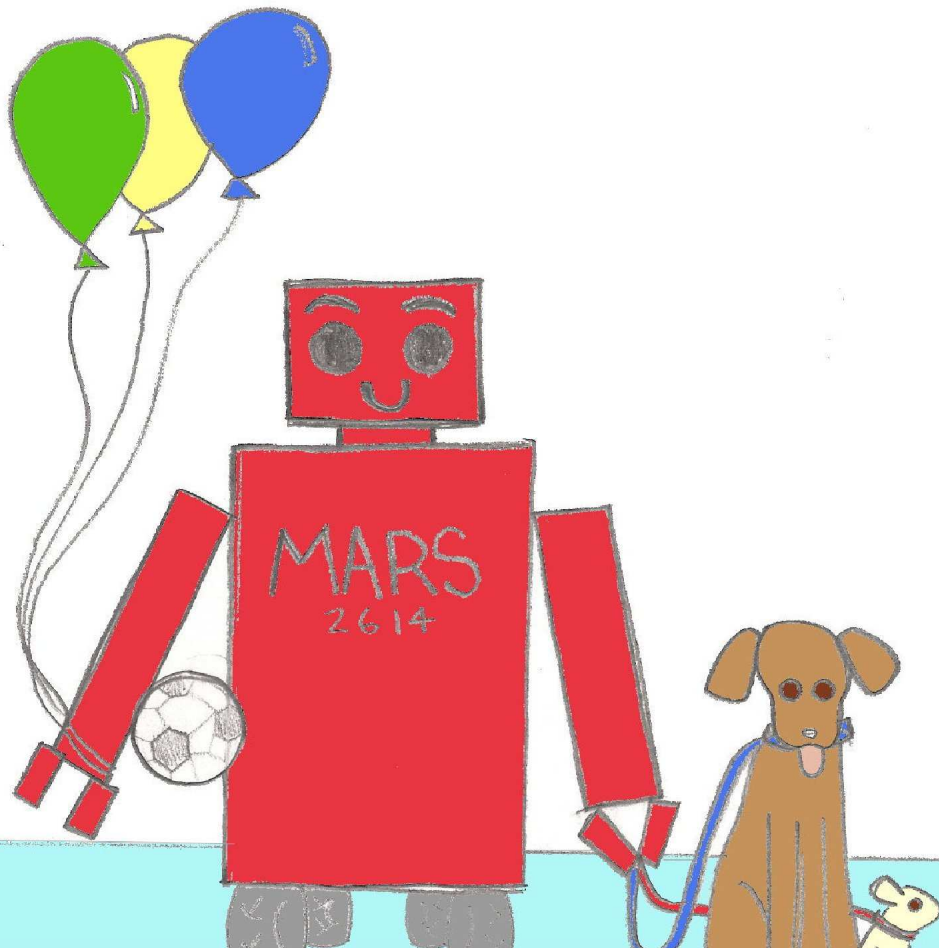

And just like you, Marvin has a favorite food. But his favorite food is nuts and bolts.

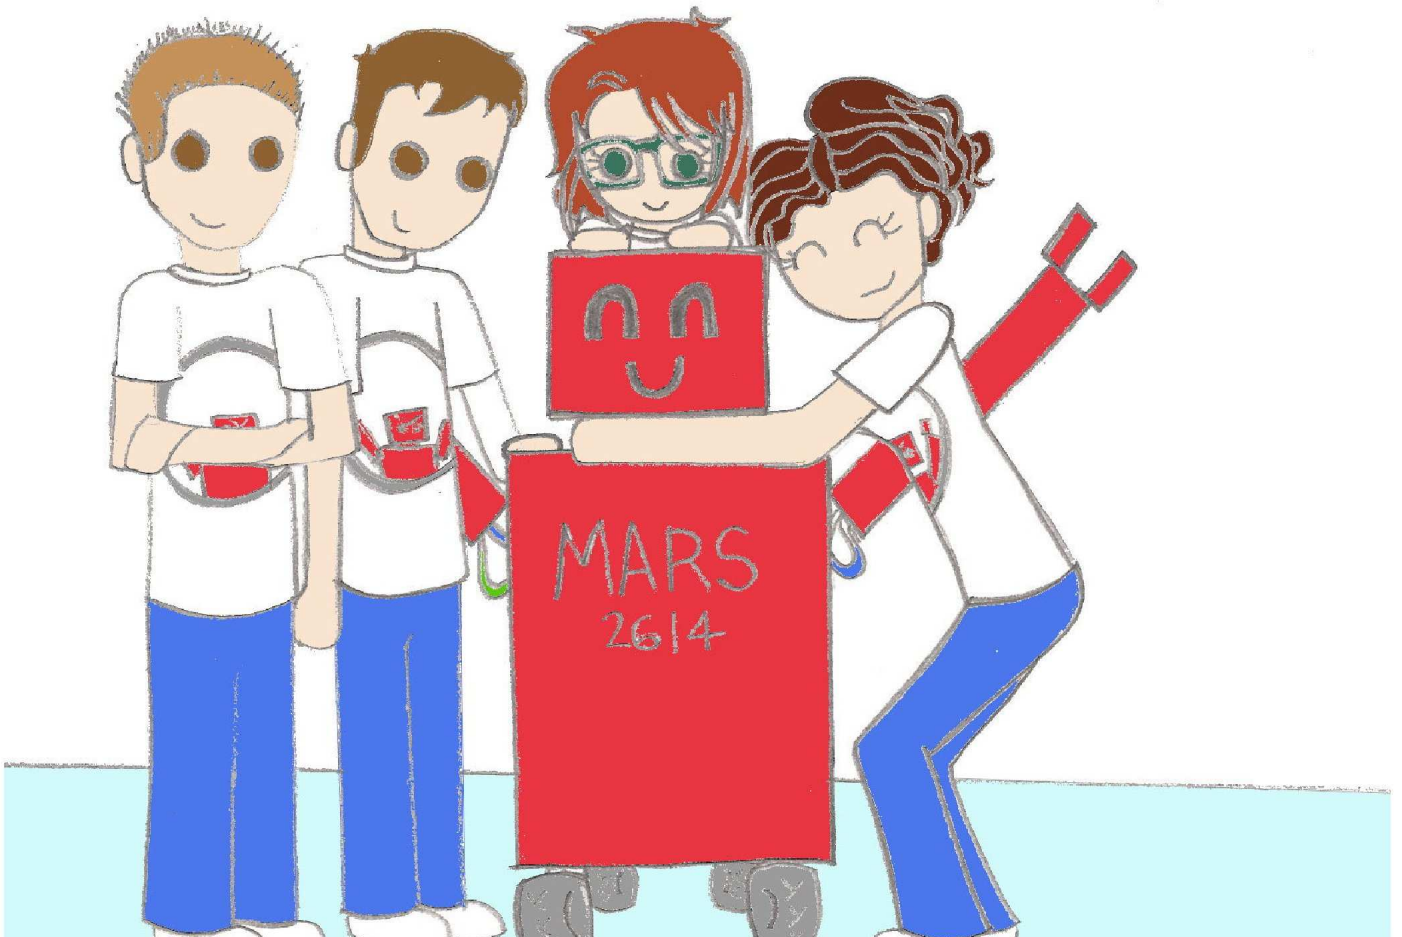

Ewwwwwwwwww!

Marvin loves lots of things.

But most of all, Marvin loves his
friends.
Just like you!

We hope someday you'll build a friend like Marvin, too!
